Forest Service Is Ready For Season With Organization

Toccalini Promoted To New Position As Program Is Outlined

With the arrival of Max Meadows, a new graduate forester from Maine, the Truckee Ranger District's personnel roster for the 1960 field season is about complete. Meadows will assist Assistant Ranger Norman Anderson in timber scaling, cruising and appraisal projects.

Another new employee is Mrs. Joyce Briley, who has the clerk-dispatcher job at the ranger station office. Henry Toccalini has been promoted to a position as fire prevention technician, and will head up all prevention work on the district, including supervision of the eight fire patrolman. This season's patrolmen are Al Silva, Wade Rowse, Jack Schindler, Roger Johns, Harold Thornton, John Haliwell, Bill Tumpney and Percy Samme'. All are well experienced in wildland fire control. Nelson Stone continues as fire control officer and heads up all fire activities, as well as engineering and maintenance.

Emery McCarroll, a 15 year veteran of the forest service, has transferred from the Camptonville district of the Tahoe Forest, and is the new fire crew foreman. His crew includes Paul Pratt, tank truck operator, and crewmen, Tim Newcomb, Edward A. Fisher, Bruce Arigoni, and Tom White. Elizabeth Fischer is camp cook.

A new lookout couple, George and Ella Stewart, are operating the Stateline fire lookout near Lake Tahoe this year. Lane Endicott is back for her fifth season on Verdi Peak and Fred Scott for his eighth season on the Martis Peak Lookout.

Chris Matzen has returned as district campground tender. Ed F. Fischer continues as trail foreman and will be assisted by Dave Pratt.

Six local men have been selected as emergency smokechasers. All are trained in fire suppression and are well acquainted with the country. These are Roy Waters, Preston Patnoude, Roy Cratty, Lloyd Van Sickle, William Stewart and Harold Pabst.

District Ranger Roy W. Saarni, predicts that 1960 will be as dry or drier than the 1959 season, when four disastrous fires struck the Tahoe. He urges that all local people be especially careful with fire in every form, and cooperate with the fire patrolmen whose primary job is to prevent fires and protect life, property and forest resources.

BUILDERS ORGANIZE IN NORTH LAKE AREA

TAHOE VISTA — Organization of the North Tahoe Builders Exchange is under way here and membership will be open to any licensed contractor, it was announced.

Offices for the exchange have been established on the north side of State Highway 28 at Agate Bay.

The group will be affiliated with the Sacramento Builders Exchange temporarily.

Directors are Gordon Bitler, Robert Daneri, Don Reick, Frank Madison, Byron Abbott, Charles Elleard and Steve Korich.

Elleard said anyone who wishes to receive bids on building projects may leave plans at the exchange office.

CHILD IS INJURED IN ACCIDENT AT TAHOE

TAHOE CITY — Ronald Dean Scott, 2, son of Mr. and Mrs. Archie Scott, was hurt when he was hit by a pick-up truck while playing in the service driveway of a local market.

According to police reports, Enrico Giannini, a dairy representative, attempted to move another vehicle belonging to the market, in order to make room for his own in the driveway.

The child apparently was playing in the way of the market's vehicle. He was confined to Tahoe Forest Hospital and treated for leg injuries, it was reported.

BURGLARIES AT LAKE REPORTED IN WEEK

TAHOE CITY — It was reported here this week that Porter's Wearing Apparel Store was entered and looted by burglars during the weekend. More than $800 worth of clothing and cash were taken.

During the same period, according to reports, an ice machine at Kings Beach operated by Timmy Mizner was broken open and $50 in cash taken.

Lieutenant Here To Take Charge Of Patrol Squad

Sergeant Snyder Relieved To Take Over Work On Highways

A change in the operation of the Truckee sub-station of the California Highway Patrol, which will add a lieutenant as commanding officer, was announced this week by Sergeant Frank Snyder, who has been officer in charge of the squad.

Lieutenant Oliver L. Ledford of Sacramento is scheduled to take over command tomorrow, relieving Sergeant Snyder, who will be in charge of the field operations of the local squad.

Ledford has been assigned to the Truckee sub-station and will make his home for the summer at Dollar Estates where he owns a summer home. This fall he will be joined by Mrs. Ledford and their two children and will live in Truckee, according to present plans. The children will attend school here.

The addition of the lieutenant brings the personnel of the Truckee sub-station to 18, including 10 traffic officers, five dispatcher-clerks and one intermediate clerk as well as the lieutenant and sergeant.

The patrolmen are T. F. Sheehan, William Gautsche, Carroll Maynard, Robert Horton, Martin Sturcke, Nick Comola, Bud Meixner, Glenn Virus, James Stambach and Edward McCallen.

The intermediate clerk is Mrs. Phyllis Snyder and the dispatcher clerks are Virginia Paddock, Connie Cammerer, Ardine Keith, Tula Bergman and Vesta Painter.

WILMA HENSLEY IS WED TO DAVE EATON AT HOME SERVICES

Rev. George Symons of the Methodist Church of the Mountains in Truckee officiated at the nuptials of Wilma Hensley and David Eaton at 7 o'clock Saturday in the home of Mr. and Mrs. Harry Eaton at a pretty candle light ceremony.

Given in marriage by her father J. L. Hensley, the bride was attired in a gown of blue chiffon of ballerina length, completed by a matching finger tip veil.

The bride's maid, Janice Eaton wore a gown of orchid brocaded taffeta. Wade Hensley attended as best man and young Kenneth Hensley had charge of the wedding ring.

A reception followed the rites and later the young couple left on a trip, returning to establish their home. Mr. and Mrs. Eaton are graduates of Tahoe Truckee High School. Eaton recently was discharged from U. S. Navy duty, both are well known in the younger set of the area.

Mr. and Mrs. J. L. Hensley and Mr. and Mrs. Harry Eaton of Truckee are the parents of the newlyweds.

ELLIS LEAVES FOREST AFTER LONG SERVICE

Forest Supervisor Guerdon Ellis, supervisor of the Tahoe National Forest for 14 years and well known in this vicinity, has retired after 34 years with the forest service.

Ellis started his career on the Klamath National Forest in 1926. He was advanced with assignments on the Stanislaus, Santa Barbara and Angeles National Forests and became supervisor of the Cleveland National Forest in 1935.

Joseph V. Flynn, now a staff officer on the Sequoia National Forest at Porterville, will succeed Ellis at Placerville where he had been headquartered since leaving Nevada City.

SUNBEAMS

By WALTER M. BARRETT

There will be thousands of vacationers and picnickers in the mountains during the forthcoming long weekend and with the forests powder dry, there may be some fires unless extreme caution is exercised by everyone. Camp fires are nice but should be built only in authorized campgrounds and even then care is needed to prevent one from getting out of control. Another serious threat to our forests is children who are permitted to play with matches. Many fires are started through this unnecessary cause, and parents can assume the responsibility. This can be one of the most enjoyable weekends, but it can also be a tragic one if someone is needlessly careless with fire. Observe all the rules laid down by the forest service and remember what Smokey says: Only you can prevent forest fires.

The need for the public parking lot in the main business section is apparent and we firmly endorse the idea that it be maintained. Unless funds are collected in the immediate future, the lot will be closed thus causing an even more congested condition on the main street. We suggest that the businessmen get together at once and subscribe the necessary money to keep the lot open during the rush period ahead.

Bigger Phone Book Now In The Mail

A bigger phone book, with more listings and more pages than ever, will come to local homes and business this week.

Pacific Telephone Manager L. R. deGallery announced that 7,700 volumes—four tons worth—of the 1960 Lake Tahoe, Soda Springs and Truckee telephone directory will start arriving in the mail today. The major part of the distribution should be over by Saturday, July 2.

deGallery said that the book's alphabetical section is bigger than last year's by 1,422 listings, for a total of 6,785 listings. In terms of pages this amounts to an increase of eight pages for a total of 32 of the white pages.

The cover illustration on the 1960 directory pays tribute to the scenic splendors of the region with a view of Emerald Bay.

deGallery drew attention of subscribers to the directory's important opening pages which have a new look featuring illustrations.

They show police and fire department emergency numbers as well as information on telephone service.

SQUAWS RUMMAGE SALE ON JULY 8 - 9

TAHOE CITY — Clean, usable articles in good repair such as furniture, books, clothing, dishes and many unlisted contributions will be welcomed by the Tahoe Squaws for their rummage sale to be held July 8 and 9 in the Tahoe City elementary school building.

The women's organization is active in gathering the merchandise for a good display and quick sale, the proceeds going to benefit the Tahoe Forest Hospital, Mrs. L. Van Wetter of Squaw Valley announced. The public is asked to patronize the event on Friday and Saturday.

FIREWORKS AT LAKE SET FOR SUNDAY EVE

TAHOE CITY — The annual fire works display, sponsored by the Tahoe City Fire Department, will be held on the Tahoe Commons Sunday evening at dusk (about 8:30 p. m.) and everyone is invited.

The display will take more than an hour as thousands of pieces of fireworks are fired over the lake.

LIBRARY CLOSING

Due to vacations for the personnel of the Tahoe Truckee High School Library, it will be closed from July 1 to the 20th, according to Mrs. Eugene Risden.

Angels Camp Man Succeeds Sciutto As High Principal

Sciutto Accepts Position In Monterey As Change Is Announced

Harold W. Drummond is scheduled to arrive here on July 18 to assume the principalship of the Tahoe Truckee High School, replacing C. W. Sciutto, who has resigned to accept a position in the schools at Carmel.

For the past five years, Drummond has been superintendent and principal of the Bret Harte Union High School at Angels Camp and comes here highly recommended.

The new principal graduated from the University of California at Berkeley in 1930 with a master's degree in school administration and did post graduate work at both Stanford and UC as well as as Sacramento State College.

After some teaching, Drummond was principal at the Big Valley Joint Union High School at Adin, before going to Angels Camp.

He is married and has two children and is an army veteran.

Sciutto, who left this week with his family to establish their home at Carmel, is slated to return and will be here between July 18 and August 18 to assist in acquainting his successor with details of the position here.

At Carmel, Sciutto will be vice principal in charge of instruction. He has been principal of the local school for the past four years and has earned a fine reputation. His resignation was accepted with regrets by the governing board, but members expressed pleasure in securing the services of the new principal.

LARRY JELLIN GIVEN AWARD IN SCIENCE

Larry Jellin, June graduate and winner of the Bausch & Lomb science award at Tahoe-Truckee High School, has received a research assistantship to the University of California radiation laboratory in Berkeley.

Larry is spending his summer vacation under the direction of Dr. Abashin doing data processing work in the field of high velocity nuclear particles. He is also assisting in setting up the experiments conducted in the 184 inch cyclotron.

In September, he will commence his formal academics on the Davis campus of the University of California.

MEETING TO DISCUSS TREE PESTS CALLED

TAHOE CITY — A threatening epidemic of pests which are destroy thousands of pine and fir trees in the area, has resulted in a meeting being called for Saturday morning at the Community Center in Tahoe City at 10 o'clock for a discussion of the threat.

Assistant Forest Ranger Norman Anderson will explain the problem and offer suggestions, Ranger Roy Saarni declared.

State aid in eliminating the pests is possible providing it can be shown an epidemic is started, Saarni said.

FUND ALLOCATED TO SUMMIT DRAIN WORK

SACRAMENTO — (CNS) — The California Highway Commission has allocated $90,000 for drainage improvements on U. S. 40, between Hampshire Rocks and Soda Springs in Placer and Nevada Counties.

Barbecue Feature Of Annual Event At Donner July 9

By VIRGINIA O'BEAR

A barbecue will be served at the west end of Donner Lake on July 9 from 4 p. m. until 7 p. m. and is sponsored by the Ladies Auxiliary of the Donner Lake Volunteer Fire Department.

Several firemen are helping the auxiliary by barbecuing the spareribs and everything will be served from the delicious ribs with all the trimmings and ending with homemade cake with plenty of coffee and milk.

Barbecue tickets are on sale now for just $1.75 for adults and 75 cents for children under 12. Your barbecue ticket entitles you to free admission to the beach on Saturday, July 9 also. Obtain your tickets from Ozella Slate, Jean Walker or Virginia O'Bear or any auxiliary member.

This barbecue will be served before the firemen's jamboree which the firemen are having at Donner Lake Lodge with live music. Make it a weekend with the firemen and auxiliary by going to the barbecue, dance on Saturday and the Regional Championship Regatta on Sunday.

Races start at 10 a. m.

Forest Service Is Spraying In Area

Four hundred acres of sagebrush in the Dry Creek area, eight miles north of Truckee were aerial sprayed last week with a brush killing chemical. The spray was an emulsion of 2-4-D, a hormone type weedkiller, which has proven very effective in killing sagebrush, but does not hurt the grass understory.

The objectives of this forest service project is to improve the rangelands so that more pounds of lamb can be produced per acre. Sagebrush has low grazing value, and when it is spray-killed yields space to more valuable forbs and grasses. Some of the deeper soil areas will be drilled to range grass species this fall to further boost the grazing capacity.

This project is one of many engaged in by Truckee ranger district personnel this year. Other projects have included the planting, porcupine control, timber stand improvement, road and trail maintenance, new campground construction, watershed research, deer population surveys, timber access road surveys in Blackwood canyon, and harvesting of timber in several areas.

These projects are all in keeping with the multiple use policy of the U. S. Forest Service, which is aimed at producing a maximum amount of products and services from forest lands on a sustained yield basis.

REPUBLICANS MEET AT DONNER TONIGHT

Hannah Stewart, Pioneer Of Area Expires In Nevada

Last Rites Conducted Here For Former Hobart Postmaster

Funeral services under the auspices of Truckee Chapter No. 116, Order of the Eastern Star were held in the chapel of the Truckee Colonial Mortuary at 10:30 this morning for Hannah Jane Stewart, who died Tuesday morning at the home of her daughter, Mrs. John Gracik at Reno.

Graveside services are being held at two o'clock this afternoon by members of the Rebekah Lodge at Grass Valley.

Mrs. Stewart, born at Gold Hill, Nevada, was the daughter of the late Mr. and Mrs. John H. Thomas and the wife of the late Thomas Stewart, the couple made their home at Grass Valley until 1914 when the family came to the then thriving community of Hobart Mills.

After her husband's death she assumed the position of postmaster in that community, also working in the general store until its closing in 1936.

She was very active in local lodge and civic affairs. Affiliations with lodge groups in Grass Valley were continued by the deceased including being a 60 year member of the Rebekah Lodge, Neighbors of Woodcraft, Pocahontas Lodge, Companions of Foresters, White Shrine at Beckwith and was also a member of the Congregational Church at Grass Valley.

Beside Mrs. Gracik, Mrs. Louis Cavello, also a daughter of Reno and granddaughters Carol, Donna and Cindy Lou Gracik and a brother, William J. Thomas of Hillsburg, California are survivors.

The many friends of Mrs. Stewart were deeply saddened by the news of her death and extend their condolences to the bereaved family.

Injuries Result In 3 of Nine Mishaps

Of the nine accidents reported during the past week by the California Highway Patrol, three caused personal injuries.

Most seriously injured was Edward William Hunter, 43, Lake Forest, who was treated at the Tahoe Forest Hospital for broken ribs and fractures of his knees, resulting from an accident near the Lakeside Propane plant just north of Tahoe City on Highway 89.

The vehicle got out of control and ran off the highway.

Two people were injured Saturday in Kings Beach when a car driven by John J. Carrigan, Jr., 45, San Carlos was struck in the rear by one driven by Mario A. Mirabella, 23, San Francisco.

Injured were Lorraine Mirabella, 20, and Judith DaMonte, 17, of Mountain View. No citation was issued.

James Jeffery, 17, Reseda, was hurt Sunday shortly after noon when when his car ran off the highway near Lake Forest. The injuries were not serious.

The other six accidents involved only property damage and minor injuries to occupants.

PLACER FREEHOLDERS ORGANIZE AT MEET

AUBURN — A board of freeholders, charged with drawing up a proposed charter form of government for Placer County, began its organization last Tuesday by naming Paul Claiborne of Auburn chairman and setting its first general meeting for June 30.

The fifteen freeholders, elected at the June primary election, were sworn into office by County Clerk Lillian Rechenmacher.

The group then met with the board of supervisors, where they were informed of their duties and assisted in preliminary organization work.

The freeholders have a year in which to prepare a proposed charter and submit it to the electorate for approval or rejection. Members expressed the opinion that it would probably require the full year to complete the job.

The 1959-60 coffee crop is estimated at a new high of 76. million bags; exportable production is estimated at 65. million bags.

MASTER SEAMAN—COURAGEOUS LEADER—DAUNTLESS FIGHTER. THAT WAS ISAAC HULL CAPTAIN OF FAMED CONSTITUTION IN THE WAR OF 1812. HULL AND HIS BOYS OUTMANUEVERED THE ENEMY BY KEDGING AWAY FROM GUERRIERE. A FEW WEEKS LATER HULL IN CONSTITUTION REDUCED THE ENEMY'S SHIP TO A FLOATING PILE OF RUBBLE. HULL'S LOSSES—14 CASUALTIES; THE ENEMY—78 KILLED AND WOUNDED.

ACTIVE CAMPAIGN BY COUNCIL IS ORDERED

LAKE TAHOE—Continuation of the Lake Tahoe Area Council's program with emphasis on the master plan phase coupled with an active campaign soliciting members and financial backing of all Lake Tahoe interests was ordered by the board of directors of the council at a special meeting held in Reno, it was announced by B. E. Lowe, president of the council. Attending the board meeting were Jordan Crouch, William D. Evers, (by proxy), Harry Hooper, John Koontz, James D. McClatchy, H. P. Dayton, Jr., Pat Francellini, Thomas L. James, B. E. Lowe, Joseph F. McDonald, Pere Woodcock, Lee DeLauer, Don T. Hall, C. K. Konarske, Harry Marks, and C. A. Plimpton.

Offices of the council will be moved from Reno to the former Sierra Pacific Power Company building near San Jose and Pasadena Streets in Al Tahoe. The transfer will be effective July 1. Fred M. Schultz of Tahoe Vista who has been with the Lake Tahoe Area Council since its inception as field representative, will be the acting manager of the headquarters at the lake. The Sierra Pacific Power Company made the building available to the council at no charge, fulfilling one of the council's objectives—to have lake offices.

The resignation of Raymond M. Smith as planning executive director effective July 1, was accepted and it was stated at the meeting, according to Mr. Lowe, that the completion of the master plan would be supervised by Mr. Smith as the chairman of a newly created planning committee which will concern itself with master planning and zoning in all ramifications. Members of this new committee to be named by President Lowe and the members of the executive committee will include official representatives of each county bordering the lake and other members particularly interested in the development of the master plan.

Mrs. Henry Poett, Jr. of San Francisco will spend the summer in Europe accompanied by her mother, Mrs. Horace Hill. Young Harry Poett took a jet to Europe with a group of Stanford classmates for the Continent and the summer Olympics in Rome. Mr. Poett and the Poett daughters, Jeanne and Carolan will be vacationing at Lake Tahoe.

* * *

Diana Drum will be out from New York for 10 days in July and will spend the time with her father John at Lake Tahoe.

* * *

It's a trio of sons for the William Wallace (Billy) Meins, III (Isolde Constantin), with the arrival of David Christopher Mein at Stanford Hospital in Palo Alto. The brother of John and Roger Mein, the baby is the grandson of the junior William Wallace Meins.

Billy, recently released from marine duty, has returned to studies at Menlo College.

* * *

U. S. Coast Guard experts from the marine inspection office in San Francisco, were inspecting commercial boats on Lake Tahoe last week. Concerned only with vessels for hire that are less than 65 feet in length, and carry six or more passengers. One of the life saving provisions that must be followed by this category of boats are a life preserver for each adult, with more for children. Fire protection standards are a main fire extinguishing system and numerous portable hand extinguishers.

* * *

We enjoyed the nostalgic and gay trek of the Horseless Carriage tour around the lake. Tooting horns varied from a raucous chicken cackle to the haunting strains of steam whistles striking an 1890 note along the stream of modern traffic.

* * *

The North Tahoe Elks held a picnic Sunday with barbecued chicken and refreshments for members and their guests.

* * *

Pat DiMingo of Tahoe Tavern reports convention of county treasurer of California last week at which State Treasurer Alan Cranston spoke. A group of Parke-Davis Pharmaceutical House executives also convened there. President of the group is H. J. Loynd, brother of the Truckee Loynds.

Dr. George I. Scheetz has opened his office at the Tavern.

* * *

West Shore Lodge, Ben Callender's lodge, and Don Huff's Homewood Resort are open.

* * *

Mrs. Ralph M. Peer is at White Firs, Tahoma, for the summer.

* * *

The Charles J. Fraychineauds of North Hollywood have changed the name of their resort from Moore's Pine Lodge to Fra-Shi-No Pines and the family will operate it this season.

* * *

Dr. Victor Brochard and family of San Francisco are at Tahoma for the summer as are Mr. and Mrs. E. Frank Beck of Lafayette.

* * *

The Cesar Tribolis of Sacramento are selling their lovely lakefront home at Tahoma.

* * *

Mrs. Joseph Clerici, of Vallejo, daughter of Mrs. Rene Guerra, and children, David and Steven are spending some time at the Guerra Rubicon home.

* * *

The Davis family of Miller Creek Road took a drive to the south end last week and when they returned found their water pump and butane tank had been stolen.

* * *

It was good to see the smiling face of Mike Gorman, Tahoe Tavern bellhop, who is still going strong. Mike was with Matt Green in the old days and works winters at the Biltmore Hotel, Pasadena.

* * *

Recent guests of Fern Schlueter's Lodge were her brother and family, Mr. and Mrs. Rhen Wilsey of Modesto.

* * *

The Joe Newfields, Jr. are at their Tahoma lakefront home, and report word from the Glen O. Smallcombs of Atherton that they are on an African safari this summer.

* * *

Dr. and Mrs. McMath of Compton spent a few days with the William G. Hastes, Tahoma.

DONNER DOINGS

By VIRGINIA O'BEAR

Mr. and Mrs. Dale Strickland are visiting friends and getting in a little boating and fishing this week. They will be returning to their home in San Francisco after their vacation.

* * *

Norman Albee is spending a few days at Donner Lake visiting and getting in a few days of rest from his busy life in Los Altos. Norm is well known at Donner as he was associated with Dale Strickland with boating here several years ago.

* * *

I received a nice letter from Arline Johnson this week and she informs me that she and ten of her Thunderbird team will be here in full regalia to perform for us on Sunday, July 3. This exhibition will be free to the public and will be held at the west end of Donner Lake. These youngsters will go through a drill which will last about ten minutes. Then they will perform a few gymkhana events such as keyhole, figure-eight stake race, pole bending, etc. This will all be done just for fun and not for competition. This group is called the Novato Thunderbird Bareback Drill Team and have won several blue ribbons. They were in the Reno parade last year, in the Santa Rosa parade and have been hosts recently to the first Blue Ribbon Western Horse Show at the Circle V Ranch in Fairfax. I think it is an honor to have these young people perform for us wtih their beautiful horses. Arline said that some of the riders plan a trip into Euer Valley before they go back home on the fifth of July. Arline and Bruce along with their friends the Paul Hansens will stay up another week before going back to their home and new place of business in San Anselmo called Henry's Ol Place, Arline said they have remodeled the place and that it is sort of Gibson Girl Gay 90 type rural farm place with restaurant and bar. They served over 300 people for the grand opening.

* * *

I received another pleasant letter from Mary Fleckenstein this week and she is planning a trip up our way very soon. She is interested in some property near Gateway. If anyone has anything or knows of any property for sale, please give me a call so I can forward the information on to her. She wants a small lot to build a small cabin.

* * *

Was most happy when Mrs. Barney Campbell and daughter Kathy stopped by to visit with us this week. Eleanor and her family are living at Cal-Pine until August because Barney is up in this area working for the state until then. When this job is done they will go back to Marysville.

* * *

Miss Carol Clark is spending two weeks with us and she is our niece from Santa Rosa. Her father and brother will be up for the boat race weekend as well as my sister Mary and niece Susie. Susie will then spend two weeks with us so we will have a busy summer with our nieces and nephews and our little granddaughter who will be up again over the 4th of July with Andrea and Jim.

Firemen of the Donner Lake Volunteer Fire Department met at the Bird & Bottle last Thursday night and enjoyed a delicious steak dinner with all of the trimmings, served with the compliments of their board of directors. The firemen reorganized that evening and every man knows his duty and how to do it well in case of fire. Regular meetings will be held at the firehouse and work parties have been taking place every Sunday. 8 men were at the meeting last week and all of the firemen had a chance to become better acquainted with his fellow fireman. All of the firemen are busy now with last minute details for the successful regional championship races which are scheduled for July 10. The Donner Lake Regatta will start off at 10 a. m. and the firemen deserve much credit for the hard work involved the past three years sponsoring these regattas. They are lending a helping hand to their Ladies Auxiliary by helping to prepare the meat for the barbecue the ladies are sponsoring the day before the races. Hours for this event are from 4 to 7 p. m. at the beach. After the barbecue is over, plan to attend the Firemen's Jamboree at Donner Lake Lodge. Reserve July 9 and 10 and have fun with the firemen and members of the Auxiliary.

* * *

An assembly party was held in my home Monday when I had the helping hands of Shirnell Hansen, Willie Wilbur, Tim Stark, Sherri Whitley, Jennifer and Mike O'Bear, and Carol Clark. We worked all afternoon and early evening getting the pages put together for the Donner Lake Regatta program which will be handed out free at boat race time. There are 2,000 of these programs which Mr. Barrett of the Sierra Sun printed for the firemen. The fire department is most grateful to the merchants who have advertising in this program and to all of the workers who have helped make this Regatta possible.

* * *

Don't forget to turn on your television this Saturday at 5 p. m. and get channel 3 Sacramento's KCRA. Our Miss Donner Lake will be there along with the princesses and the royal court to tell about the Donner Lake Regatta. Dollie Harris is chaperon for the girls and will appear on television in behalf of the Fire Department and the Ladies Auxiliary. Good luck, Dollie.

* * *

A lot of people will be happy to know that members of the Donner Lake Property Owners Association will give their full support to the Donner Lake Regatta this year. They are very grateful to the firemen for their recent call when they helped control the fire at the foot of Donner Summit. Many members of this association are summer residents and are only

New 3¾% interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new 3¾% interest rate benefit me?

A: With Series E Bonds, the rate turns $18.75 into $25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to 2½% for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra ½% from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic ½% increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH

NOTICE TO CONTRACTORS

SEALED PROPOSALS will be received by the Department of Public Works, Division of Highways, at the office of the District Engineer, 703 B Street, Marysville, California, until 10 A. M. o'clock on July 7, 1960 at which time and place they will be publicly opened and read, for performing work as follows:

Nevada County, at the Route 83/38 Separation Structure about 0.5 mile north of Truckee (111-Nev-38-A), damaged girders to be repaired.

Plans and specifications, and forms of proposal, bonds, and contract may be obtained at the above address.

No bid will be considered unless it is made on a proposal form furnished by the District Engineer, and is made in accordance with the provisions set forth in Section 2, "Proposal Requirements and Conditions." of the Standard Specifications. Each bid must be accompanied by a proposal guaranty in accordance with the provisions in Section 2-1.07 of the Standard Specifications.

The Department of Public Works reserves the right to reject any or all bids.

The quantities listed in the State Highway Engineer's Estimate hereinafter stated, are approximate only, being given as the basis for the comparison of bids, and the Department of Public Works does not, expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work, or to omit portions of the work, as may be deemed necessary or advisable by the Engineer.

Bids are required for the entire work described herein.

Abbreviations used in the schedule of predetermined wage rates in conjunction with employer payments listed in the right hand columns are identified as follows:

Employer payments other than those itemized herein, as defined in Section 1773.1 of the Labor Code, are to be paid in accordance with the terms of the collective bargaining agreement applicable to the type or classification of the workmen or mechanics employed on the project.

Overtime, Sundays and Holidays—not less than one and one-half (1½) time the basic hourly rates plus applicable employer payments. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project.

Copies of all collective bargaining agreements relating to the work as set forth in the aforementioned Labor Code are on file and available for inspection in the office of the Department of Industrial Relations, Division of Labor Statistics and Research.

Attention is directed to Section 7-1.01 G of the Standard Specifications providing for employment of apprentices on the work. Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the trade at which he is employed. Information relative to employment of apprentices shall be obtained from the Director of the Department of Industrial Relations, who is the Administrative Officer of the California Apprenticeship Council.

Pursuant to the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages and employer payments for health and welfare, vacation, pension and similar purposes in the county in which the work is to be done as follows:

RETURN TO VERMONT

The Sugar Bowl Corporation's general manager for the past season, John O'Rear, returned to Vermont last Thursday, accompanied by his wife Frankie, son Jay, and daughter Lauri, where John will manage a dairy. No one has been selected yet by the Sugar Bowl to fill the vacancy created by O'Rear's departure.

CANADIAN VACATION

A two-week trip by automobile to Vancouver, British Columbia, highlighted the six-week vacation of Diane Clayton, chef at the Sierra Clubs Clair Tappan Lodge for the past three seasons. While in British Columbia, Diane travelled by boat to Victoria, the capitol of the province which is located on Vancouver Island. A visit with friends in Portland, Oregon, and with her parents in the bay area wound up the vacation.

NURSE ENGAGED

Roberta Codis, nurse at the Tahoe Forest Hospital, has announced her engagement and approaching marriage to Don Huber, regional director of the ski patrol of the Highway 50 and Squaw Valley ski areas and a noted area skier. Roberta has recently returned to work at the hospital atfer an European vacation.

HOSPITAL AUXILIARY

Last Friday found Joyce West, from the Central Sierra Snow Laboratory, spending the day at the Tahoe Forest Hospital, assisting as a member of the hospital auxiliary. Persons interested in sharing in this vital and needed community function are urged to contact Sophie Baker at Squaw Valley.

THIEVES FOILED

The quick thinking of Bunny Board, Ricky Schule, and Roberta Kisor at the Norden store on Friday resulted in the apprehension of three Utah youths who had filled their automobile tank from the unattended gasoline pump and then left without paying. The quick-witted youngsters, observing the car depart, obtained the license number and description. The highway patrol was notified and apprehended the youths on U. S. 40 near Baxter. They were released without charge by the patrol after restitution was made for the gasoline, and after further investigation established that the three held no police record and were not on the wanted list. The Fredericks at the Norden store divided the $3.50 sum involved among the three youngsters as a reward for their alertness.

STUDENTS TOUR LAB

A group of University of California range management students from the School of Forestry at Berkeley spent two days at the Central Sierra Snow Laboratory last week. The students, accompanied by Dr. Crampton, curator of the University of California herbarium at Davis, heard Al West explain the purpose of the lab and progress in research designed to increase water yield from snow covered watersheds.

CHINAMAN CLOSES

The lunch room operated by the Southern Pacific commissary at Norden for many years, and long known to local residents for its Chinese cook and for its excellent steaks, closed last Wednesday, and it is questionable if it will open again. The lunchroom service for train crews is being discontinued because of the fewer stops at Norden by the faster, more powerful diesel locomotives. The service originally operated from the S. P. "Cook Car" parked on a Norden siding, and was moved to its location inside the snowsheds some years ago.

NEW RESIDENTS

The Yuba Sands Motel at Kingvale, formerly Wofford's Motel opened on June 11 under the direction of the new owners, Dave and Roma Young, who will be residing in the Pedley house on Castle Creek, near the Snow Lab. Dave was formerly a construction superintendent with the Pomeroy Company of Menlo Park, and is a native of the Sacramento Valley. Roma came to this country from England some years ago. The Young's are accompanied by their three sons, Paul, 16, Gregory, 13, and Doug 2½. We wish them the best of luck with their new venture.

CONSTRUCTION UNDERWAY

Construction of the state highway department maintenance station at Kingvale is well underway, with the scaffolding and framework fo rthe buildings nearly completed. The station will eventually take over the maintenance of the new highway over the summit, and the present Donner Summit maintenance station will be closed out of the department's system.

ILLNESS

A short-term "flu" is passing through the summit area, with many residents of Norden and Soda Springs either down or recovering from the effects. Most sufferers report being out for only a day or so. Reverend George Symons of the Truckee Methodist Church was forced to cancel his 8 a. m. service in the Soda Springs Hotel this past Sunday due to illness. Rev. Symons was admitted to the Tahoe Forest Hospital for several days, but is now at home.

REDWOOD CITY VACATION

Vince and Olga Lyddane have returned from a short visit in Redwood City, where their daughter Barbara will remain with her grandmother for a two-week visit.

LEGALIZED GAMBLING

In a move to bring the issue of legalized gambling before the legislature, Bill Cannon of the Soda Springs Hotel is distributing post

U.S. ARMY'S LARC-15, part of a new family of amphibious resupply lighters. Characteristics: all aluminum construction, 15-ton capacity, speed of 12-miles per hour afloat and 25-miles per hour on land. An unusual feature of LARC: when on land it is operated from a cab resembling that of a truck; in the water it is operated from the other direction, the ramp becoming the bow. LARC (lighter, amphibious, resupply cargo) was built for Army by the Ingersoll-Kalamazoo Division of Borg Warner Corporation, Kalamazoo, Michigan.

ROTARY MEETS

The annual demotion of the Truckee Rotary Club took place Monday night at the Donner Summit Lodge in Soda Springs. George Carpenter of Soda Springs was ushered out as president of the group, and Judge Fosten Wilson of Truckee was installed as president for the coming year. The Reverend George Symons of Truckee will serve as club secretary for the coming year.

INDEPENDENCE BARBECUE

The Donner Summit Lodge will hold its annual Fourth of July free barbecue on Monday—all day. There will be games, horseshoes, etc. A large crowd and a good time have always characterized these occasions in the past.

ACCIDENT

The short-cut taken by Soda Springs carpenter John Johanson's power saw on Monday resulted in stitches in two fingers of his right hand. Fortunately, the saw cuts are expected to heal with no complications.

SCHOOL CONSTRUCTION

The long awaited additions to the Donner Trail School are one step nearer this week, as the school district advertised for bids with a closing date of July 12. Construction may be expected to begin soon after the contract is awarded.

This is an age marked by uncertainty and turmoil where many are beset with the question of which way to turn next. The Bible is a guide and lamp along the path of ever believer and gives the road marks and signs of danger at every point. Man is first pointed to Christ in John 14:6. To neglect this turn in our lives is to avoid God entirely. The pastor will bring a message especially suited to communion Sunday with the title: "Which Way?"

CHURCH MEETING AT SQUAW IS PLANNED

SQUAW VALLEY — The first meeting of all those interested in the development of the United Church of Christ of Squaw Valley will be held in the Converse Room of the church on Friday evening, July 1 at 7:30 p. m.

Dr. William David Pratt, the superinendent of the Northern California Congregational Conference and the Rev. Edwin Gunnemann, pastor of the United Church of Christ of Parkway Estates in Sacramento will share in the leadership of the meeting with the Rev. Frank Evans, the pastor of the United Church of Christ of Squaw Valley.

The meeting will have as its purpose the discussion of the nature and purpose of the church and the laying of ground work for the development of the resident congregation.

The California State Council of Churches has given the Congregational Churches of Northern California the comity agreement to be the Protestant church in Squaw Valley. The congregational Christian churches are uniting with the evangelical and reformed churches to form the United Church of Christ. The project of erecting the chapel and the converse rooms was hurried to completion in time for the Olympic games. The task ahead is to develop a resident congregation for the church.

HUGE ESTATE SOLD IN TAHOE CITY AREA

TAHOE CITY—Dr. Cabot Brown, prominent San Francisco physician, has just sold his 5-acre estate on Lake Tahoe to a group of San Francisco business men, Messrs. Reid Dennis, Carl Hoag, Jr., Iver Lyche and M. Gates, according to Previews Incorporated, the national real estate clearing house, marketing agents.

The property was purchased for a reported $156,000.

The lakefront estate is situated 2 miles south of Tahoe City and is comprised of two large houses, a 5-car garage, two boathouses, a 200' rock-cribbed pier with electric hoists and a bath house. Well wooded with cedar, fir and pine trees it occupies 500 feet on the lake and is bordered by a heavy picket fence for 400' along Highway 89.

The Washington National Monument, Washington, D. C., 555 feet, 5⅛ inches in height, was completed in 1884.

STATE OFFICIALS OF EMBLEM CLUB FETED

CRYSTAL BAY—The Lake Tahoe Sierra Emblem Club No. 347 held its last meeting on the evening of June 22 at the Crystal Bay Club. Vice President Jean Calhoun, in the absence of President Florence Brown, presided over the meeting.

State president of the association of Emblem Clubs, Dorrie Schillig of Modesto, was honored by the club. Making the trip with her were the State Marshal Faye Pazzuto, also of Modesto, Dorothy Cameron, Los Gatos, 4th Vice President of the state and chaplain Elza Christianson, Placerville, also of the state association. Among other guests introduced were Grace West, past president of the Los Gatos Emblem Club No. 229, Edna Christianson, president of the Los Gatos Club, Toni Roberts, president of the Placerville Club No. 287, Bessie Bereig, charter member of the Los Gatos Club, and Juanita Easeley of the Fresno Emblem Club No. 120.

The initiation of new members was conducted by Dorrie Schillig.

The following were initiated into the club as the last of charter members: Bernita Jones, Macie Henke, Hazel Scates, Mary Louise Waddell, Virginia Cassella, Thelma Northwood, Birdie Smith, Leah Marks, Frances Rockholm, Dorothy Sipes, Estelle Klitzke, Jean Callender, Mary Rhodes, Lois Brown, Mary M. Zeibig, Sybil G. Anderson, Peg E. Dempsey, Marian Michener, Marie Henry, Robbie Moore, Doris Ingram, Irene LePire, and Margie Hunt. We are very proud to announce this now brings our total membership to 83 Sisters.

The next meeting will be held on July 7 at 8 p. m. at the Community Center in Tahoe City.

FAMILY FALLOUT shelter constructed in the basement of the Orval M. Conner residence in Battle Creek, Mich., is typical of some 100 built or planned in the nation of either the basement shelter type or the outdoor above or below-ground designs. The Office of Civil and Defense Mobilization is building the various shelters for research and demonstration purposes. Group and community shelters are also among 150 projects now under way or being negotiated throughout the nation for construction in new and existing public and private buildings, in parks, and similar sites. NEW FIRE DISTRICT AT TAHOE FORMED

CRYSTAL BAY—A new fire protection district known as the North Lake Tahoe Fire Protection District is now in operation at Crystal Bay.

Full-time Fire Chief Doug Ingram has purchased for the district a new fire and rescue unit which carries 150 gallons of water with a booster line. Included in the unit is a Scott air-pack and full resuscitation facilities for rescue work.

Current board of directors members are Ed Black, Ed Malley and Ray Ehlers, all of Crystal Bay, and Fire Chief Secretary Ingram. At present there are 14 volunteers with a full-time dispatcher.

A new fire house is to be built this summer near Mt. Rose road and Highway No. 28.

Chief Ingram and the volunteers have completed drills with Coast Guardsmen at the lake and the civilians and servicemen will work together fighting shore fires. The Coast Guardsmen will also have been given instructions on operation of the resuscitator.

WOODED INDIAN LOST AT SQUAW IS FOUND

AUBURN—The kidnaping of a 400 pound carved wood Indian chief from in front of a Squaw Valley, Placer County, clothing store has been solved but the whereabouts of a wooden squaw, also abducted, has sheriff's deputies puzzled.

The huge, brightly painted chief, was located in an antique shop in Danville, Contra Costa County, nine days after the chief was taken from the Village Store Teepee.

Sheriff's Lieutenant Ed Presley, who identified the Indian chief in Danville, said two 17 year old Danville youths took the chief from Squaw Valley, "originally as a lark," and were going to set him up on the high school lawn. Presley said the boys changed their minds and sold it to an antique dealer.

The squaw, Presley said, was removed from in front of the Squaw Valley Lodge on June 14 and has not been seen since. The squaw was identified as being dressed in red and brown and wearing the usual beaded band around the head.

"The Danville youth said they took the chief and loaded him in a car for the ride home," Presley said. "Two men struggled to load the statue in a car in Danville and a portion of it stuck out the window. When we arrived in Auburn, it took four men to take the chief from the vehicle."

The wooden faced chief, not showing a sign of expression, is being held at the sheriff's office until the owner, Jack Starrett of Squaw Valley, claims him.

OBJECTIVES OF SNOW LAB ARE REVEALED

SODA SPRINGS—The objectives and progress of the snow management research program underway at the Central Sierra Snow Laboratory were presented to foresters from the Tahoe National Forest, Eldorado National Forest, Toiyabe National Forest, the Reno Research Center of the Intermountain Forest Experiment Station, and the California Division of Forestry on Thursday.

The Central Sierra Snow Laboratory, near Soda Springs, is a branch of the U. S. Forest Service's pacific southwest forest and range experiment station at Berkeley, and, in a cooperative study with the California Department of Water Resources, is charged with research of the forested watersheds in California's snow zone — an area that yields over 50 per cent of the state's water runoff. The laboratory is in the fourth year of a planned fifteen year program.

The foresters, including Supervisor Guerdon Ellis of the Eldorado National Forest at Placerville, and Supervisor Henry Branagh of the Tahoe National Forest at Nevada City, heard the forest service's chief of watershed research in California, Walter Hopkins and the snow research team discuss the possibilities indicated by research results for increasing the water yield of the snowzone of the Sierra.

The thirty-seven foresters visited the laboratory headquarters with its intensive instrumentation for basic studies of snow physics, and then were guided through the Onion Creek experimental forest where five experimental watersheds are yielding valuable data on water from forested lands.

Mrs. Mabelle Bowman has just returned to her Tahoe home from a world trip and enjoyed a week of bird hunting with Mrs. George Neldam, Mrs. Howard Fletcher of Rubicon, Mrs. Herb Dana and Mrs. Junea Kelley of Alameda, who celebrates her fortieth year with University of California Extension. The group enjoyed dinner at Cunningham's Lakewood Lodge at a table which looks out on the bird sanctuary there and counted 10 specimens. The Neldams have just returned from Guaymas, Mexico where the Hotel LaPlaya Cortez presented Mrs. Neldam with a bird book.

NORTH TAHOE

By JUDGE HARRY CHARRISON

WEATHER

Oh, it's gorgeous. Everything's lovely, just married a nice couple from the south end of the lake. Richard Piper took as his beautiful bride, Margaret Driver. They returned to South Tahoe, but even so they just loved the north. Babe Klitzke and Elsie Charrison were witnesses.

VISITING

Penny Pappas and her girl friends are visiting Penny's uncle, Dave Ashton for a few days. They are having the time of their lives water skiing with young Davy Ashton's new boat. The girls are from San Jose.

More visitors and readers of the "Sun" arrived this weekend, are Beverly and Wyman Williams with their three fine boys. Wyman will return to Pasadena in a couple of days, but Bev will stay, we hope, for the summer in their nice home at Brockway.

UP FOR SHORT PERIOD

Hugh and Mrs. Johnson and daughter, Jeri and friend Rebecca Towden from Mill Valley, neighbors of ours. We are happy to see them. Hugh is a fine golfer but we shall have to watch our windows.

GETTING BETTER

Glad to hear that George Harrison is gaining very well from his illness. His brother Sam and wife Audrey,are here from San Francisco for the summer.

AT MEETING

Frank Paoli and wife were here for a big meeting at Tahoe City last weekend. Our old friend Andy Sorensen attended the interesting meeting.

PASSED ON

The friends of North Tahoe send their sincere sympathy to Mrs. Englehart and family in the untimely passing of her husband and father. It was a shock to all of us too. His memory will linger for a long time.

FORMER RESIDENT

Our old and valued friend Mrs. Barnum made a visit Saturday and brought with her the head of the Shriner's Hospital and another lady who has just retired from that position. They also had two new nice Japanese girls who have been studying nursing in the crippled children's department, after which they will return to their native land to help care for the children. Mrs. Barnum still has a home on North Avenue and enjoys to visit here. We have known her and family for nearly 20 years. She's very sweet and 82 years old and very proudly admits it. She and her friends never fail to call on us. We missed her daughter this trip.

HOLIDAY

Here we are right on the glorious 4th. Let's make it a very safe and sane one.

NEW CITIZEN

Now we can call Henry and Leona Graton, grandma and grandpa. As we hear that Barry Graton and wife, Diana are the proud parents of a fine big baby boy, (name to come) over 8 pounds, at Carson City Hospital, June 26.

STRIKES & SPARES

BY JOE WILMAN

WORK ON FUNDAMENTALS BEFORE YOU TACKLE THE CURVE BALL

Here are a few more bits of advice from Professor Wilman who says, "It's better to:

1. "**. . . work on your fundamentals than to develop a pretty curve ball. Correct fundamentals will produce higher scores, and a pretty curve ball may not.**

2. ". . . stop six inches behind the foul line rather than one-sixteenth of an inch beyond it. There's no excuse for fouling. Make sure four slide stops you short of the foul line, as in today's illustration.

3. "**. . . concentrate completely on each shot rather kick yourself afterward for missing it. Worry over 'why the first ball wasn't a strike' can often cause you to blow the spare. Keep your mind on the task at hand.**

4. ". . . fight for every pin and every game rather than make alibis after it's all over. Get every pin you possibly can, for there are many games won or lost by a single pin. Think back, and you'll remember some.

5. "**. . . be certain what you want to do when you step up on the approach instead of releasing the ball haphazardly with no clear picture of what you want it to do or how you want it to go.**"

Cremation of a watershed—and following the fire will come floods and erosion. With its protective covering burned away, this watershed can no longer function properly. Rain waters will run off unhampered to create floods. The unprotected soil will be washed away and soon the stream below will dry up. It only takes one careless spark to destroy a watershed upon which thousands of people may depend. Don't you be the cremator of a watershed.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO—(CNS) — Generally, everyone wonders why taxes are high, and when the politicians attempt to give an answer, usually, they blame it on explosive population, demands of the people for additional services, and the increased cost of living.

These are stock answers, designed to placate the irate taxpayer, and two of the answers have some foundation in fact. There is additional population, and there is increased cost of living, which results in higher prices for commodities purchased by the state.

The politicians of course, do not include in their answers the foibles they devise which cost the taxpayer additional sums. They rarely explain that the increased demand for services come not from the people, but from government itself, which sees a method of increasing power over the people, and label the demands as coming from the people.

The foibles, of course, refer to the practice of using taxpayer money for the continuation and support of the hiearchy in power. An outstanding sample, although small in comparison to the total outlay of state funds, is the invitation proposed by the office of Governor Edmund G. Brown to have 450 directors of county and district fairs to journey to Sacramento to celebrate "Governor's Day" at the California State Fair and Exposition.

It is estimated the invitation will cost approximately $30,000, not to mention the loss to the fair from the free admission tickets the county and district fair director would receive for themselves and their families.

Thus, the governor would pile up the annual deficit under which the California State Fair and Exposition operates, which because of poor management and political aggrandizement, ranges from $750,000 to $1,000,000 annually, a sum made up by the taxpayers whether they attend the event or not.

County and district fairs are notorious for losing money. After the state has contributed millions of dollars to their capital investment, they still are unable to break even, for the most part, with the gate receipts and other revenue, thereby adding to the demands for even more handouts from the state the ensuing year.

Part of the reason for this is that the state fair and the county and district fairs are relics of the horse and buggy age. Certainly there are enough people in the state of California to support a show that has some attractions which interest modern day inhabitants of California. When the state was primarily agrarian, there no doubt was some reasons for fairs, including a state fair wheer the agricultural products could be matched for prizes.

For the most part, however, the field of competition has given place to the dollar, and farmers who are interested in bigger and better crops see little use in exhibiting them for the sake of a blue ribbon when their time can be spent in making a profit.

The politicians, however, have kept the fairs open and supported them with the people's money as a medium for public appearances where they can reach thousands of people at the taxpayers' expense.

STATE GAINS FROM SQUAW OPERATIONS

The State received more than it put into Squaw Valley, according to a final report of the Organizing Committee of the VIII Olympic Winter Games.

The value of Squaw Valley physical properties turned over to the State by the committee was listed as $10,604,000, compared with a total cost to the State of $8,990,000.

The physical properties include the $3,500,000 Blyth Arena financed by the federal government.

In addition, the committee is assigning to the State deferred income from motion picture and television rights, contract and insurance claims, and funds held in reserve by the Department of Defense—a potential value of $150,000.

Squaw Valley is now a state park.

BUILDING SLOWS IN LAKE TAHOE REGION

A slump or leveling off, of building in the Lake Tahoe area is evidenced in figures released this week by the county building inspector. Valuation of building permits issued in the lake area for May, 1960, are less than half of what they were a year ago, Alan Jones, building inspector reported.

With feverish preparations underway a year ago for the 1960 Winter Olympics, the county issued some 140 building permits in May 1959 at a valuation of $1,250,000. In May 1959, 85 permits for $535,000 in building at Lake Tahoe were approved.

The Lowland, or Grand, fir is confined to the California coastal region of northern Sonoma, Humboldt and Del Norte Counties.

DR. OGUSH RESIGNS AS HEALTH OFFICER

Nevada County supervisors Thursday accepted the resignation of Dr. Stanley Ogush, county health officer, who stated the part-time job prevents him from giving proper time to his private practice.

Dr. Ogush, of Grass Valley, also appeared before the board to say he will remain on duty until a successor is named, but he asked the board not to delay choosing a successor. His resignation will be effective August 1.

The county's contract for aid from the State Health Department, signed earlier in the day, provides the county heatlh officer must be a doctor.

55 CADETS GRADUATE IN ARIZONA CEREMONY

On Friday, June 24, graduation ceremonies for 55 cadets (20 females) from the Nevada Wing Civil Air Patrol, was held in the Service Club, Luke Air Force Base, Arizona. This was followed by a graduation dance.

For the past two weeks the cadets have undergone two week summer encampment training, which consisted of an on-the-job training program with various Luke sections; toured the Gila Bend Gunnery for an aerial gunnery demonstration; taken marksmanship training at Luke's small arms training section and held two informal parties at the officer's swimming pool.

Those attending from the Truckee-Tahoe Composite Squadron and receiving their encampment ribbons were: Cadets Donna McReynolds, Don Weinand, John Wirta and Chief Warrant Officer Bessie Weinand. WO Weinand was unable to attend the first half of the encampment, due to an ankle injury, but with her successful participation and accomplishments the remaining half, was awarded her encampment ribbon.

ONE OUT OF ELEVEN HURT ON BUILDING

SACRAMENTO—(CNS) — About one construction worker in every 11 in California suffered a disabling injury sometime during 1959, the state department of industrial relations reported.

The construction industry's rate of 86.1 disabling injuries for each 1,000 workers was the highest during a year that saw a new all-time high in on-the-job injuries reached.

During 1959, a total of 164,243 persons suffered work injuries. This was a jump of 14 per cent from 1958, although the increase in workers injured who were covered by the state's Workmen's Compsenation Act was only 4 per cent.

Following the construction industry, mining had the next highest rate of injury, 63.1 disabling work injuries for each 1,000 workers.

Two other industries had records higher than the statewide average of 34.7 injuries for 1,000 workers. They were agriculture, with 57, and transportation, communication and utilities, with 38.9.

Othe industries had injury records, per 1,000 workers, as follows: State and local government, 34.6; manufacturing, 33; trade, 28.3; service, 20.2; and finance, insurance and real estate, 8.4.

CARD OF THANKS

Boat Race Rules For Regatta Told

By VIRGINIA O'BEAR

Many people do not understand the procedure with boat racing. It is similar to car racing except it is on the water and more exciting to me. There are two heats for each class and this year there will be eleven classes of championship racing.

If you are new at boat racing, try to get near the judges stand and watch the flags and the huge time clock which is located there also. Refer to your souvenir program on how races are conducted and also the meaning of the flags. This will help you to have a better understanding of what is taking place and how the high points are obtained to win.

These races are very exciting and can be very dangerous as sometimes the boats flip and go sailing through the air throwing the drivers into the water. Boat racing is like any other sport such as baseball, football, etc. you have to know what it is all about.

Here are a few helpful hints:

HOW RACES ARE CONDUCTED

Five minutes before the start of a heat of racing, a five minute warning gun is fired and a red flag displaved, warning the drivers they have five minutes in which to get ready.

Sixty seconds before the start a one minute gun is fired, a white flag is displayed and a large six foot clock facing the race course is set in motion. The clock informs the drivers the number of seconds they have left until the start of the race.

The official start shall be the exact instant the hand of the starting clock indicate that the final minute has elapsed and at this moment, the starter shall drop the white flag to indicate that the race has officially started and a gun will be fired.

If more than half the field jumps the gun, a red flag will be waved instead of the white flag to indicate a re-start and the boat that led the pack across the line will be disqualified. The one minute procedure will be repeated and any boats over the line ahead of the second official start will be disqualified.

A race will consist of two heats of racing for each class.

MEANING OF FLAGS

RED FLAG — To designate the period betwen five minute and one minute guns, a false start, and a disqualification.

WHITE FLAG — Designates last minute before the start of the race and also the start.

YELLOW FLAG—Postponement.

GREEN FLAG—Start of the last lap.

CHECKERED FLAG—Finish of heat.

ASSEMBLYMEN MUST PAY FOR PHONES IN PRIVATE DWELLINGS

SACRAMENTO—(CNS) — From now on, if state assemblymen want telephones in their private Sacramento apartments, they will have to pay for them themselves, rather than bucking the bill to the state.

The assembly rules committee, admitting the members might have telephone balances in other funds, decided that permitting telephones in private apartments was just too much.

Under assembly rules, members are permitted up to $1,200 a year in telephone calls from their office in the capitol, as well as another $300 a year if they maintain an office in their district.

The committee was informed that eight members already have used their $1,200 and another 25 are nearing that mark. It was pointed out that only two of the eight and most of the 25 were not committee chairmen, who might be expected to have heavier telephone charges.

Assemblyman Jerome R. Waldie (D-Antioch) said he felt that, if a member did not have a district office and exceeded his $1,200 allowance, the balance over $1,200 should be presented in the form of a bill to the member, letting him pay it from his own pocket.

On the matter of telephones in apartments, the committee was informed some members had them installed and billed the rules committee because they still had considerable money left in their telephone allowance.

"Let's send out a memo and order to cease and desist at once on this," said Assemblyman Richard T. Hanna (D-Garden Grove), chairman of the committee. "There's an end to how far we can go on these kind of matters, and this is the 'living end.'"

Recuperating—

Mrs. Charles Heller is resting at her home following a recent illness necessitating a stay at Tahoe Forest Hospital. Her friends are hoping for her complete recovery of heatlh.
